## Learning from museums: visitor experiences and the making ...

Visitor experience is key to museum and heritage resilience. Colin Mulberg Consulting has worked across the museum and heritage sector on improving the visitor experience and believes there is much room for improvement. When it comes to visitors at museums and heritage attractions the facts speak for themselves: giving visitors a better experience increases visits, enhances the perception and value of an organisation and boosts sales.

## Visitor experience is key to museum and heritage ...

Active learning occurs when people stretch their minds to interact with the information and experiences at hand. In art museums, visitors are learning actively when they do such things as: formulate their own questions about works of art, reflect on their own ideas and impressions, make their own discerning judgments, construct their own interpretations, and seek their own personal connections.

If you don't have a budget, then position your museum to include activities for all age groups, parent-orientations and spruce up the galleries with games, colouring sheets and activity cards or even technology based kiosks. Educational Experiences could also include treasure hunts and tech-based guided tours.

## Creating Visitor Experiences : Strategies for Museums ...

Lath has a broad range of experiences, most notably in hands-on museum of all scales. Seema has deep experience at large-scale art museums. Despite their divergent career paths, the pair has come to find strong resonance in their conversations about museum practice. After multiple conversations on twitter and in person conversations, Lath and Seema sat down to discuss their ideas about the current state of visitor-centered museums in practice and its future.

## Visitor Centered Museums in Practice and its Future ...

HOW LEARNING HAPPENS IN MUSEUMS. Learning in museums is an autonomous experience, with visitors taking an active role in planning, monitoring, controlling and reflecting. We know from decades of research into self-regulated learning that it is important to understand the goals and initial interest people bring to the learning situation. These drive behaviour and learning in different settings, including in museums.

## How does learning happen in museums? | Pursuit by The ...

Learning is a key 'life skill' that assists a child develop along the right 'life path': 'With the correct guidance from the family you hope that they will have a better life with all these learning skills that they have gained.' Over time a family's behaviour is developed and refined and, through the rich experiences provided by museums, families become more successful as learning units. Visitors also recognise the important role that museums play in learning about difficult ...
