“ In [Work](#), Komlosy, an economic and social history professor at the University of Vienna in Austria, provides a sweeping overview of how ideas and definitions about work have evolved over the last 1,000 years, calling out the very limited conception of work offered by traditional labor studies and Marxist perspectives ... Komlosy ’ s book is ambitious in its brevity: she condenses a millennium of global history into just 225 pages, justifying her far-reaching geographic and historical scope ...

[Work: The Last 1,000 Years](#) by Andrea Komlosy, Hardcover ...

From the description of this book, I expected something about the personal experience (after all, these words are actually used in the description) of work through the last 1000 years. Instead, this is a dry scholarly work on the labor market since 1250 (which is not 1000 years ago, I would note).
